PORTFOLIO

Engraving, Signs, and Plaques

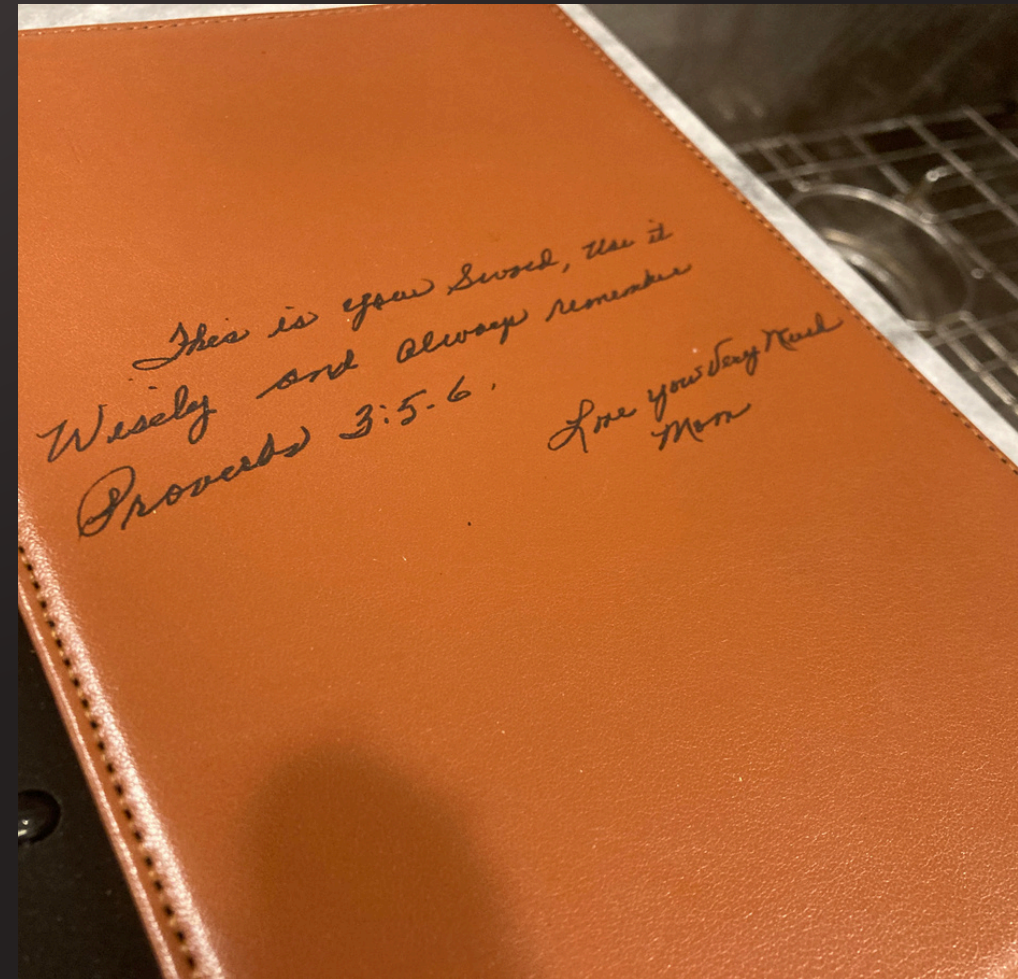

AP Cannon

AP CANNON

Based in Alex, Oklahoma, I dedicate my time to being a husband, father, and pastor. Crafting is a hobby I love. I am dedicated to working with you and providing quality engravings, signs, and plaques. This hobby supplements my ministry and gives me the opportunity to connect with and serve people I otherwise would not meet. I look forward to serving you.

Engraving

With years of experience and special techniques I have developed, my engravings show a depth of design and crisp finish. I can engrave nearly any material. Without size limits, nearly any item can be personalized or beautified. I offer color epoxy resin fills for wood engravings.

Etching

I am proud to offer etching in glass, stone, and even mirrors. Laser etching is tricky, but worth it. My etchings feature a crisp finish and professional quality.

I'll Come to You

For those projects you don't want to let out of your sight or are too large to transport, I'll pack up my equipment and come to you.

Signs and Plaques

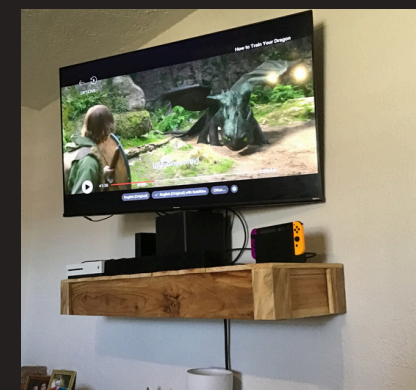

Signs and plaques available for any occasion. These can be made for indoor or outdoor use, and I don't have any size limitations.

Personalized Cutting Boards and Products

No matter what you need, I would love to design you something unique and personal for every occasion.

Custom Wood and Resin Anything

Process:

1. Consultation
2. Design and Pricing
3. Build and Finish
4. Ship/Deliver

Custom projects take time, especially since I focus primarily on my pastoral responsibilities. If you are in a hurry or want something cheap and fast, please purchase from someone else. I would rather deliver a quality craft piece.

Thank you for your consideration.
